

**This is our "Invisible Fence".
This is 1/4" thick galvanized
steel painted with our special
paint to blend into the foliage.**

**Within 8-12 months these posts
will turn gray like the trees.**

**A simple but elegant
"Top Rail" fence that
does not have bottom
boards to showcase
more of the ponds,
trees and other
landscape.**

Our fully "Post Wrapped" top and bottom double-sided boards with 1/4" galvanized steel with 4" x 4" openings.

All our our Living Fences are made using 1" thick deck wood that has been treated to handle even the toughest elements here is the Carolinas.
